PROFESSIONAL EXPERIENCE

INTERSWITCH GROUP   **Victoria Island, Lagos State**
Tech Job Shadowing Participant (Virtual)   **April 2025 – Present**
- Shadowing tech professionals to understand software development and digital product workflows.
- Gaining insights into real-world applications of technology in payments, infrastructure, and system design.
- Developing core skills in self-leadership, time management, and career growth through curated learning.

CLASSIC SYSTEMS INFOTECH LTD   **Osogbo, Osun State**
Web Development Intern   **January 2023 – June 2023**
- Developed and launched 3 web applications using HTML, CSS, and JavaScript, designing website templates that improved user engagement by 20%.
- Collaborated with a team of 5 developers, enhancing technical skills in web development through peer learning and code reviews, and managed code changes using Git to maintain a clean and efficient codebase.
- Gained hands-on experience with React and front-end frameworks, applying modern development practices to improve project scalability.

Project Experience
- **Bianca Beauty – React Web App**
  - Developed a React-based beauty brand web application for selling cosmetics and skincare products, featuring a seamless shopping experience with category-based product navigation.
  - Designed and implemented a responsive user interface using React, Tailwind CSS, and Vite, ensuring an accessible and visually appealing experience across devices.
  - Built a fully functional cart system with item listing, quantity adjustments, and a checkout system with payment confirmation, enhancing the shopping experience with a seamless UI, smooth navigation, and an optimized checkout process.
- **Task Tracker – React Web App**
  - Developed a React-based task management application with features for task creation, deletion, and reminders, enhancing task tracking efficiency.
  - Designed and implemented a fully responsive UI using CSS and HTML, ensuring seamless accessibility across all devices.

EDUCATION

BABCOCK UNIVERSITY   **Ilishan-Remo, Ogun State**
Bachelor of Science, Software Engineering (CGPA: 4.47/5.00)   **February 2022 - July 2024**
